II. About the Helpdesk
The help desk to set up at HEPC shall receive, log, prioritize, assign, track, escalate, resolve, close and archive queries, answer calls and initiate the triaging and escalation of unsolved issues to the next level. Help desk will be normally operational from Monday to Friday, 9AM to 5PM except for any public/government holidays.

III. Helpdesk Parameters
a) Modes of communication: A user can communicate with the helpdesk in two ways:
   i. Toll Free Number: 5 executives shall manage a toll free number 1800-180-2132 where a user can call and log his issue. Any call made at the helpdesk shall be logged in the ticketing system along with the action taken and solution provided.
   ii. Email: A user can also email to the helpdesk at hepc.helpdesk@gmail.com. The helpdesk shall respond to the emails received, log a ticket, record the action taken and the solution provided (if any) for every such email.

b) Support Levels: Two levels of support shall be setup at the helpdesk. A query can be escalated to the next higher level manually in case it requires an intervention at the higher level OR automatically in case the query remains unresolved for more than the defined resolution time.

<tr>
<td>1</td>
<td>Level 1</td>
<td>This level of support is where the user phone calls/e-mails requests are logged into the Help Desk. This shall be manned by the 5 helpdesk executives positioned at the helpdesk.</td>
</tr>
<tr>
<td>2</td>
<td>Level 2</td>
<td>This level of support shall be defined as per the incident category. For example, for all technical queries, IT Manager shall be the Level 2 contact. For all departmental/process related queries, the respective nodal officers shall be the Level 2 contacts.</td>
</tr>
</tbody>
</table>

In addition to the two support levels, the helpdesk shall also have two other roles which are as follows:

i. Helpdesk Nodal Officer: The helpdesk nodal officer shall maintain strategic control over the helpdesk. All queries which remain unresolved at Level 2 within the stipulated time shall be escalated to the helpdesk nodal officer. It shall be his/her responsibility to ensure immediate closure of such tickets.
ii. **Helpdesk Operations Manager:** Helpdesk operations manager shall maintain operational control over the helpdesk. He/she shall ensure that the helpdesk functions as per the defined rules. He/she shall also be responsible for user management of the ticketing software.

c) **Incident Category:** Following categories of incidents are envisaged to be logged at the helpdesk. Each incident category shall have its independent process of resolution as defined in the ‘Standard Operating Procedures’ section of this document.
